

Second STCU Conference on the Challenges of the Scientific and Technological evolution for the export control systems

Working Group 2 on Industry Engagement

C. Charatsis (EC-JRC)

Anne Harrington (WP leader)

M. J. Espona (Consultant, DG DEVCO)

Main Themes

1. Progress of handbooks' projects and follow-up
2. Brainstorming for future activities
3. TTX feedback

1. Handbooks

- Progress of Handbooks - follow up activities?
- Living Documents (Regular updates and publicity)
- Annual conference with chambers of conference ?
- Translation into English can benefit economic development
- Regional elements ?

2. Brainstorming for the future

- What Industry shall do? (ICPs, due diligence, communication...)
- What governments can do? (consultations and dialogue, accessibility of information)

- What are your needs? (topics, types of activities, audience)
- Challenges? (e.g. trade across the Black sea)
- Awareness raising?
- Training?

3. Feedback on TTX

- Suggestions/impressions?
- Dual-Use concept
- ITT and linkages with academia
- Human security

THANK YOU FOR OUR DIALOGUE!
