

STCU Spring University on Export Control for the GUAM Countries Participant's Biography

#	Name	Organization	Job Position	Short Bio	email
Azerbaijan					
1	Mrs. Gullar Gadimaliyeva	Genetic Resources Institute of Azerbaijan National Academy of Sciences	Scientific associate	I graduated from Baku State University in 2009 and received a degree in Biology. After graduating from my undergraduate degree, I started working at the Institute of Genetic Resources of ANAS since 2010. In 2013, I received a master's degree in Biology. Thereafter, I started getting at the doctoral level in Genetics at the Institute of Genetic Resources of ANAS in 2014. I am currently research of synthetic winter wheat accessions in Azerbaijan conditions, assessment of genetic diversity, selection of productive and stress factors resistant forms. During my work, I have participated in many international projects and also trained in international organizations	gular_genetic@yahoo.com
2	Mr. Vugar Shamilli	Institute Radiation Problems NAS Azerbaijan	Junior Researcher	I am 26. I have studied Oil and gas engineering at Azerbaijan National Oil Academy from 2010 to 2014 as bachelor. In 2014, I have been recommended from university to work for oil and gas company called SAIPEM due to my high quality performance during bachelor years. It is already 4th year that I work for SAIPEM, mainly in the biggest oil project of British petroleum (BP) called Shah Deniz 2. While I were working for the SAIPEM, I was keen to be involved in scientific related project/grants etc. Thus, I start to work part time for National Azerbaijan Science Academy. As a result, I have been attended in scientific projects/grants listed below: 1. PROJECT 5361: " Cleaning soils from oil with biochemical and biotechnological methods". 2. Genetic Polymorphism of synthetic wheats and recombinant forms by cytogenetic and protein markers.	vugar.shamilli@gmail.com
3	Mrs. Aygun Israyilova	BAKU STATE UNIVERSITY	PhD	Aygun Israyilova (15.02.1988)- teacher at the department of Microbiology, Baku State University (Azerbaijan). She hold bachelor and master degree at Baku State University, Faculty of Biology, department of Microbiology (BSU, Azerbaijan). Carried out master thesis under supervision prof. Katerina Demnerova and prof. Milada Plockova, Institute of Chemical Technology, Prague, Czech Republic (2012, march-june). In 2014 she won the mobility grant and carried out project "Identification of bacterial cultures by molecular-genetics methods", under supervision prof. Milada Plockova, Institute of Chemical Technology, Prague, Czech Republic. 2014 she won PhD position at BSU, Azerbaijan and from 2014 to 2016 carried out molecular part of dissertation under supervision of prof. Giovanna Riccardi, at University of Pavia, Pavia, Italy. In 2018 defence her PhD dissertation. 2016- won teacher position at the Department of Microbiology, BSU, Azerbaijan. She is a laureate of the president prize for young scientists (2017), 2013 – winner of the "Mobility -3" grant project from "Science Development Fond", 2018, win the project from "Science Development Fond"	aygun.israyilova@gmail.com
4	Mrs. Gulnara Mehtiyeva	Analiical Expertise Center for Medicine	PhD in Biology ,Expert	PhD in biology in Azerbaijan Institute of Physiology. Currently working in Analytical Expertise Centre for Medicines as expert. I conduct expertise of biological medicinal products containing biotechnology –derived proteins as active substance. I evaluate the possibility of their use in medical practice for complex therapeutic purposes. At the same time these technologies can be used for elaboration of biological weapon of mass destruction.	gulya7765@mail.ru

#	Name	Organization	Job Position	Short Bio	email
5	Mrs. Kamala Rasulova	Private Centre " Shafa "	PhD Physician analyst	From 1989 to present time I work on position physician – reaserchert. I use APC(argon plasma coagulation) laser in my practice for treatment bleeding from angiodysplasia, laser ablation for treatment of Barrett's esophagus. Reaserch field- safety assessment of chemicals, neurotoxicology, benchmark dose approach practical use	kamarasulova@rambler.ru
6	Mrs. Leyla Shahgeldiyeva	Azerbaijan State Medical Institute named after N.Narimanov	Expert analyst	In 1991 - graduating Azerbaijan State Medical Institute named after N.Narimanov with honours. From 2015 – Associate in the Institute of Chemistry Additives, ANAS. Activity direction: development of fuel oil additives and cutting fluids for the military and civil industries. 1999 – 2004 – PhD programme school. From 2011 – PhD in organic chemistry. From 2015 to 2019, February – postdoc school, high level program. From 2015 – membership in ACS (American Chemical Society). From 2016 – expert analyst in Analyst Expertise Centre of Azerbaijan. activity direction: analytical studies of medical products, in particular, antidotes, drugs against radiation, blood substitutes.	leylashahgeldiyeva@yahoo.com
7	Mr.Jalal Naghiyev	Ministry of Transport, Communications and High Technologies "National Nuclear Research Center" CJSC	Deputy chairman, Head of Department Nuclear spectroscopy and radiochemistry	Azerbaijan National Nuclear Research Centre (NNRC) (18.12.2014 - up to now) I have about 15 years of experience in the field of nuclear and radioactive materials analysis. I have 15 years of experience in the field of radioecology with nuclear spectroscopy methods, also I participated radio ecological investigation of oil production territory on Apsheron Peninsula. I am busy investigation (investigate) sorption the natural radioactive elements (Uranium, Thorium and Radium isotopes) with new functional group sorbents from layer water.I participated in many STCU projects (3998, 5026, P461, 9902 etc.). I am one of the national experts of the International Technical Working Group on Nuclear Forensic Science (ITWG) and a member of the mobile experts support group and participated in the STCU project (9902).I have taken part in different IAEA meetings, trainings and workshops. I am the leader of the Working Group for the implementation of the Nuclear Research Reactor Project ("Conducting Preparatory Work for Establishing a New Research Reactor"- AZB1002) in the National Nuclear Research Center.	j.naghiyev@mntm.az
8	Mr. Elnur Babushov	Ministry of Ecology And Natural Resources of Azerbaijan Republic	Advisor	Elnur Babushov (25.06.1988) - advisor at the Ministry of Ecology and Natural Resources of Republic of Azerbaijan. He hold bachelor degree at Baku State University, Faculty of Ecology in 2010 (BSU, Azerbaijan). He is active member of Ornithology Society in Azerbaijan since 2008. He is also professional photographer in the field of nature. He is working at the Ministry of Ecology and Natural Resources of Republic of Azerbaijan since 2013. He is also participated several workshops and seminars which are organized by GIZ company ("Waste to Energy as an Integral Part of Sustainable Waste Management" ; Integrating Ecosystem Services into Development Planning)	elnur.babashli@gmail.com

STCU Spring University on Export Control for the GUAM Countries Participant's Biography

#	Name	Organization	Job Position	Short Bio	email
9	Ms. Tamari Lagidze	Caucasus International University	Deputy Head of Life-long Learning Service	DMD, Caucasus international university's lifelong learning (ULLL) department Deputy Head, organizes trainings and short courses for various target groups and also for university's administrative and academic personnel and students. She worked as a marketing and sales manager at "SGS dental Georgia", she was coordinating a lot events, training courses and master classes for Georgian Doctors. She worked as vice rector at Business and consulting academy, she was doing external audit for universities, training courses for professors, universities administrative stuff and students. She participated as a coordinator in a lot projects, as "young architect" project held by Tbilisi city hall, summer media camp for high school student . she organized training courses provided by Erasmus + project as "wine production quality in the context of food safety" for university.	Tako.laghidze@ciu.edu.ge
10	Ms. Tamar Nadirashvili	Caucasus International University	Deputy Head of International Relations Department	PhD Candidate of Law, CIU Deputy Head of the International Relations Department, Accreditation Expert of LEPL - National Center for Educational Quality Enhancement. Participating as a researcher in scientific grant project for fundamental research CIU (2018-2019). As Deputy Head of the International Relations Department, she's developed and is personally implementing University Internationalization strategic plan. Her goal is to contribute to internationalization of the academic programs of the university. She has experience in organizing international conferences, working with international organizations, networks and unions. As an Accreditation Expert, she has experience evaluate Higher Education Programs together with International Experts. She has worked at Research Institute of International Law, editor of 7 publications and co-author of two. She has worked as Visiting Lecturer on the faculty of law at Caucasus International University since 2015. As a student of Doctoral Program, she has participated in international conferences.	Tamar.nadirashvili@ciu.edu.ge
11	Mrs. Ekaterine Jaiani	Eliava Institute of Bacteriophages, Microbiology and Virology	Leading scientist.	Ekaterine Jaiani is a leading scientist and a head of the scientific council of the G. Eliava Institute of Bacteriophages, Microbiology and Virology. She graduated in Biology from Tbilisi State University in 1999 and received her Ph.D in microbiology from the G. Eliava Institute in 2004. Her main research areas are Microbial Ecology and Bacteriophage research. She has been awarded by numerous research fellowships and awards including DAAD fellowships (1995, 1996, 1997 and 2000/2001), NATO Linkage Grant (2004), and has participated in over 15 international research projects together with USA, European and Asian partners in frames of INTAS, CRDF/DTRA, SRNSF, STCU and Norwegian SIU grants. She is a board member of the Eliava Foundation. She had work experience at University of Stuttgart (Germany), University of Wales (UK), University of Maryland (USA), Hellenic centre of marine research (Greece) and Army biomedical research institute (France). She has published over 65 research articles, abstracts and book chapters.	e.jaiani@pha.ge

14	Mr. Levan Antashvili	Ferdinand Tavadze Metallurgy and Materials Science Institute	Chief Researcher	<p>Research Subject: Development radiation resistant composite materials based on boron carbide and investigation its structure/property relationship. To calculate neutron absorbing properties radiation resistant materials depending from composition and dimensions by the Monte Carlo method. Thermo-mechanical fatigue and durability of composite structures with cylindrical symmetry (beams and pipes for numerous purposes) used in different branches of technics (energetic devices, pipelines, nuclear energetics, etc.).</p>	levaniantashvili@yahoo.com
15	Mrs. Nunu Tabatadze	MINISTRY OF FINANCE, REVENUE SERVICE, CUSTOMS DEPARTMENT, CCP "KAZBEGI"	CUSTOMS OFFICER	<p>Nunu Tabatadze is a Customs Officer at Ministry of Finance, CCP KAZBEGI on Georgia-Russia State Border. The duties of Nunu is to manage Registration and Customs Control of the goods and different transport means crossing Georgian Customs Border; to control of the goods imported by Natural Persons; to find out and eliminate any TAX and Administrative Offense. She is also an Expert_Evaluator of prcious stones and metal.</p> <p>While Nunu was a student, she passed a month ractice in the Consular Department of the Ministry of Foreign Affairs, where she learned the Legal Basis of Consular and Visa Arrangement Relationships, discussing applications and notes regarding the issues of pronding citizens with Visa. During her 5-year experience, Nunu worked as a Customs Officer on the Borders of Azerbaijan, Turkey and Armenia(railway). In order to improve her qualification,Nunu passed Certificate course in "Travel Document Examination: Security and Fraud.</p>	Nuki.tabatadze@gmail.com
16	Mr. Irakli Kapanadze	MINISTRY OF FINANCE, REVENUE SERVICE, CUSTOMS DEPARTMENT, CCP "KAZBEGI"	SENIOR CUSTOMS OFFICER	<p>Irakli Kapanadze is a Senior Customs Officer at Ministry of Finance, CCP KAZBEGI on Georgia-Russia State Border. The duties of Irakli is to manage Registration and Customs Control of the goods and different transport means crossing Georgian Customs Border; to control of the goods imported by Natural Persons; to find out and eliminate any TAX and Administrative Offense.</p> <p>Irakli has 3-year experience in Financial field. At the bank of Georgia he worked as a Business Loan Officer discussing small and medium Business Loan applications, conducting Financial Analysis and confirming loans.</p>	Kapomorty@gmail.com
17	Mrs. Nino Giorgadze	Rapiel Agladze Institute of Inorganic Chemistry and Electrochemistry	Master (Chemist), Phd student, Engineer	<p>Professional activity: 2018 - until now - Engineer 2016-2017 - intern of Rapiel Agladze Institute of Inorganic Chemistry and Electrochemistry of Iv. Javakishvili Tbilisi State University (TSU). 2015 - intern of MilkoFood (Food Harmlessness and Quality Managment Department). Other activity: STCU project p716 "Development of Scrap Tire Conversion Reactor and Carbon Black Enrichment System-phase 1 (2018-2019).</p>	Giorgadze-nino93@rambler.ru

Moldova					
21	Mr. Daniel Bulgaru	Custom Service of the Republic of Moldova	Senior Inspector	manage Registration and Customs Control of the goods and different transport means crossing Moldova Customs Border; to control of the goods imported by Natural Persons; to find out and eliminate any TAX and Administrative Offense.	krouserk@mail.ru
22	Mr.Serghei Railean	Technical University of Moldova	Associate professor	Railean Serghei - associate professor, PhD in physics of semiconductors and dielectrics. Field of scientific interest - micro- and nanoelectronic technologies, biomedical devices engineering. Author of more than 90 scientific and didactic papers, 6 patents, over 30 participations at international and national conferences, supervisor for over 40 bachelor thesis and over 30 master theses of graduates in microelectronic engineering and biomedical engineering. Leader of 2 national projects and participant in over 10 international and national projects. Teaching courses – Ionizing radiation in medicine, Information systems in medicine, Signal and image processing, Biomedical signal and image processing, Medical imaging.	raileanutmmd@gmail.com.
23	Mr.Vasile Postica	Technical University of Moldova	Lecture	Postica Vasile - lecturer, Ph. D. candidate in the group of Nanotechnologies for sensing nanodevices, TUM, Moldova. The current research interests are nanostructuring of semiconducting oxides (ZnO, CuO, Cu ₂ O), thin films and nanowires, gas sensors, nanosensors and UV photodetectors development. Author of more than 80 scientific papers (including Advanced Functional Materials, Sensors and Actuators B, Nanoscale, Journal of Materials Chemistry A, etc.), 2 patents, over 15 participations at international and national conferences, participant in 4 international and national projects. Teaching courses – Sensors and Transducers, Biosensors and Transducers.	vasile.postica@mib.utm.md

24	Mrs. Tatiana Toderas	MINISTRY OF ECONOMY AND INFRASTRUCTURE OF THE REPUBLIC OF MOLDOVA	SENIOR CONSULTANT, Dual Use Goods Circulation Control Service	Graduated the faculty of finance and banks of the Academy of economic studies of the Republic of Moldova (2017). At the moment, I am a debutante within the Ministry of Economy and Infrastructure	tatiana.toderas@mei.gov.md
25	Mr. Petru Gorcea	The Customs Service of Republic of Moldova	Inspector superior	. I have a bachelor's degree in economics and a master's degree in public finance. I am working as a senior inspector at the Customs Bureau of South, Customs Service of Moldova since December 2017. Previous, I have worked as a state controller at Competition Council of Moldova. I am very enthusiastic person and put passion in my work. I can do work and deliver good results.	gorcea_petru@yahoo.com
Ukraine					
26	Ms Yuliia Nikitchenko	The Faculty of Economics, Taras Shevchenko National University of Kyiv	PhD, Assistant Professor	Yuliia Nikitchenko is an Assistant Professor in the Ukrainian-German Department of Environmental Management and Entrepreneurship of the Faculty of Economics at the Taras Shevchenko National University of Kyiv, where she teaches courses on International Business, Green Business, Economic & Environmental Risks and Waste Management. She holds a Ph.D in Environmental Safety and MScs in Ecology and Nature Protection from the National Aviation University. Today her scientific research interests focus on green economic structures in modern business and society, tools and methods for a sustainable governance as well as export and technologies transfer. Due to extensive researches in the field of waste management in 2010 Yuliia Nikitchenko has won the Competition "Green Talents 2010 - International Forum for High Potentials in Sustainable Development" which is supported by the German Federal Ministry of Education and Research (BMBF).	Julia_n_s@ukr.net
27	Mrs.Diana Kindzera	LPNU Institute of Chemistry and Chemical Technology	Ph.D., Associate Professor, Department of Chemical Engineering, The deputy head of the Chemical Engineering Department	My qualification: Specialist: engineer-chemist-technologist (1996, LPNU); Master of Industrial ecology and environmental protection (1997, LPNU); Ph.D. Processes and equipment of chemical engineering (2003, LPNU); Associate Professor, Department of Chemical Engineering (2005 – until now, LPNU). Areas of the scientific work: renewable energy sources, solid biofuel production; equipment for chemical technology (calculation and design); energy efficiency of equipment and safety of chemical substances. Author of more than 40 scientific works (articles, abstracts, textbooks, methodical instructions). Lecturer of 6 courses in chemical engineering, equipment and safety of chemical substances, computer simulation. Participated in projects: Erasmus+ staff mobility (Wroclaw University of Technology, Poland, 2016); Mevlana exchange program (Karabuk University, Turkey, 2019)	Kindzera74@ukr.net

STCU Spring University on Export Control for the GUAM Countries Participant's Biography

#	Name	Organization	Job Position	Short Bio	email
28	Prof.Oleksandr Dluhopolskyi	TNEU – Ternopil National Economic University	Prof. of Economics Department	Oleksandr Dluhopolskyi works as a Professor at the Ternopil National Economic University (TNEU): as a Senior Lecturer, Assistant Professor and Professor of Economic Theory Chair. Repeatedly he was invited as a visited researcher to the international universities and science centers of UK (Leeds Metropolitan University, UCL School of Slavonic and East European Studies), Germany (GESIS – Leibnitz Institute for the Social Sciences, Saarland University, Goethe-Institut Ukraine), Italy (La Sapienza University), Norway (NORD University) and Poland (University of Warsaw, Academy of Special Education). He works also as an expert of different NGOs (Poruch, Ukrainian Educational Research Association, International Association of Institutional Researches). Oleksandr Dluhopolskyi received his Ph.D. in Economics from the Lviv National University by Ivan Franko in 2003, and Dr. Ec. Sc. from the Academy of Financial Management (Ministry of Finance of Ukraine). In 2007 he received Docent's diploma of State and Municipal Management Chair, and 2016 – Professor's diploma of Economic Theory Chair at the TNEU. During 2014-2016 he was a Chief of the Commission of Quality Assurance at TNEU. In 1998 he got honor Specialist's degree in Finance and Credit from the Ternopil Academy of National Economy (TANE), and 1999 – honor Master's degree in Public Administration from the Masters Training Center at the TANE.	dlugopolsky77@gmail.com
29	Mr.Anatolii Lutsyk	Ternopil National Economic University	Head of Department of Taxes and Fiscal Policy	Anatolii Lutsyk is Head of Department of Taxes and Fiscal Policy at Ternopil National Economic University, where he researches taxes and customs. He gained PhD in Economics in 2007. He worked as deputy dean of the Faculty of Finance at Ternopil National Economic University. He is currently working on the development of proposals for the improvement of Ukraine's customs policy, tax and customs control. Before becoming a scientist, he had experience as an accountant at the private company. He studied business experience in Poland during an internship at Wrocław University of Economics (2017) and Cracow University of Economics (2018).	anatoliy.lutsyk@gmail.com
30	Mrs.Nadiya Kostyuchenko	Sumy State University	PhD, Associate Professor at Department of International Economic Relations	As an associate professor of Department of International Economic Relations at Sumy State University I am teaching the course "Global Economy". I took part in a range of seminars and scientific conferences, as well as trainings, including the Training for Trainers "How to Export to Canada" (CUTIS, 2018). I have got several individual grants for participation in teachers training conferences (BUP: Poland, 2014, 2015, 2016: Lithuania, 2017: Latvia, 2018); training course (Georgia, 2014) for studying innovative teaching techniques. I was responsible for scientific grants EERC (Ukraine, 2012-2013) and SCOPES (Ukraine-Estonia-Switzerland, 2015-2017).	n.kostyuchenko@fpkv.sumdu.edu.ua

31	Mr. Marian Kyryk	Lviv Polytechnic National University	Associate Professor	D.Sc., Associate Professor of the Department of Telecommunication, coordinator of international activities and cooperation with foreign universities (Germany, Poland, Greece, Ireland, Egypt). The author of 1 monograph, more than 50 scientific articles in professional journals. Took part in international events under the EU projects: MERLIN (Workshops and relevant training for Information and Communication Technologies researchers, SMEs and start-ups), TETRAMAX (Technology Transfer via Multinational Application Experiments), HIPEAC (project for European researchers and industry representatives in computing systems). Director/CEO of InformConsult LLC - over 10 years' experience in successfully works in consulting and trading (Information and communications technology fields, including EU market).	mkyryk@gmail.com
32	Mr.Oleksandr Boguslavskyy	The Faculty of Economics, Taras Shevchenko National University of Kyiv	PhD, Associate Professor	Oleksandr Boguslavskyy is an Associate Professor in the Department of Entrepreneurship of the Faculty of Economics at the Taras Shevchenko National University of Kyiv, where he teaches courses on Pricing in Small and Medium Business, Industrial Economics, Dynamics of entrepreneurship development, Basics of entrepreneurial activity. He holds a Ph.D in Economic Theory from the Taras Shevchenko National University of Kyiv. Today his scientific research interests focus on entrepreneurship, economic systems, system transformation of transition economies. He was trained at the Union of Entrepreneurs of Small, Medium and Privatized Enterprises of Ukraine. In 2018, he graduated from the School of Social Entrepreneur IBS	mexanika@ukr.net
33	Mrs.Maryna Zinovieva	L.I. Medved's Research Center of Preventive Toxicology, Food and Chemical Safety, Ministry of Health, Kiev, Ukraine	Senior researcher, toxicologist, PhD	Maryna Zinovieva, Phd, toxicologist, senior researcher. Fields of work: preclinical safety assessment of chemicals, neurotoxicology, benchmark dose approach practical use. Working on the project "Development and Experimental assessment of therapeutic potency and toxic properties of cholinesterase reactivators".	zinoma@ukr.net
34	Mrs.Mariana Ruda	Polytechnic National University (LPNU)	Associate Professor	PhD, Associate Professor of the Foreign Trade and Customs Department (LPNU). Teaching professional business disciplines in Ukrainian and English (including "Foreign Economic Activity of Enterprise", "International Management", "E-commerce"). The co-author of 1 monograph, author of 6 textbooks, about 47 articles in professional journals. Fields of scientific research: foreign trade, Eurointegration, investments and innovations, international marketing, E- business. The project manager of European NGO "Young Scientists Initiative Group". Took part in many international training programs. Marketing consultant of Amarens LLC.	mariana.v.ruda@gmail.com

35	Mrs. Nadiya Tsiura	Lviv Polytechnic National University, IT Step University	Lecture	. From 1998 till 2004 I studied at Lviv Polytechnic National University, Faculty of Chemistry where I've achieved master's degree of Ecology. From 2008 till the present I have been working at Lviv Polytechnic National University at Chemical Engineering Department. I teach such subjects as "Equipment for Chemical Production" and do research work connected with Chemical Production. Attended as a speaker at different conferences at Chemical and Technology Science. Two times I was the member of the Organizing Committee. From 2017 till the present I have been working at IT Step University as HR and a teacher of "Critical Thinking". I lead different trainings about Critical Thinking and Solving of problems.	Nadiia.y.tsiura@gmail.com
36	Mr. Mykhailo Kirichenko	National Technical University "Kharkiv Polytechnic Institute"	PhD, Senior researcher	Kirichenko Mykhailo, birth 19.07.1983 in Kharkiv, Ukraine. Study in the National Technical University «Kharkiv Polytechnic Institute», (Kharkiv, Ukraine). In 2006 – Master diploma, Engineer-Physicist-Researcher, in 2012 - Ph. D diploma in field of Solid-state physics. Now - senior researcher of the Department «Materials for Electronic and Solar Cells» of NTU «KPI». In 2014 – awarded by President of Ukraine Prize for talented young scientists. In 2009-2011 participant of the Ukraine Scientific Team of the STCU Project 4301 «The development of laboratory technology for preparation the flexible solar cells on the CdTe base». In 2017-2018 participant in Erasmus+ International Credit Mobility in cooperation with Poland and Greece	kirichenko.mv@gmail.com
37	Mr. Roman Zaitsev	National Technical University "Kharkiv Polytechnic Institute"	D. Sc., Head of department	Study in the National Technical University «Kharkiv Polytechnic Institute», (Kharkiv, Ukraine). In 2009 – Master diploma, Engineer-Physicist-Researcher, in 2018 – D. Sc diploma in field of Solid-state physics. Now - head of the Department «Materials for Electronic and Solar Cells» of NTU «KPI». In 2014 – awarded by President of Ukraine Prize for talented young scientists. In 2009-2011 participant of the Ukraine Scientific Team of the STCU Project 4301 «The development of laboratory technology for preparation the flexible solar cells on the CdTe base».
