

Date: Tuesday 10<sup>th</sup> September 2024  
To: To whom it may concerns  
From: Anthony Nichol, Chief Administrative Officer  
**Subject: Notice of Tender IFT 2024-30 Deadline Extension Due to Technical Questions**

Dear Tenderers,

We would like to inform you that a number of technical questions have been raised regarding the tender dossier, and the responses to these questions may necessitate changes to the technical specifications. Additionally, any changes to the technical specifications could be subject to regulatory approval.

As a result, we must extend the deadlines for responding to these questions and for the submission of tender proposals.

Please be aware of this situation, and rest assured that the STCU will notify you of the revised deadlines and provide answers to the questions once the regulatory approval process is completed.

Thank you for your understanding.

Yours faithfully

Anthony Nichol  
Chief Financial and Administrative Officer
