

**INVITATION FOR TENDER
IFT 2024-50**

DESIGN B1 – EXCLUSION ZONE

B1-LOT-3: Stationary Equipment for Radiation Dosimetric Control of the Personnel and Visitors

25 November 2024

- 1 The Science and Technology Centre in Ukraine (STCU) is an international organization involved in the non-proliferation of weapons of mass destruction. STCU's mission is to support research and development activities for peaceful applications by scientists and engineers formerly involved with the development of weapons of mass destruction, to advance global peace and prosperity through chemical, biological, radiological, and nuclear risk mitigation by supporting civilian science and technology partnerships and collaboration that address global security threats and advance non-proliferation.
- 2 The STCU is implementing a number of projects concerning “Modernisation of the Dosimetric Control System in the Exclusion Zone and Environmental (Radiation) Monitoring at the Vektor Complex and the Buriakivka Disposal Facility” funded by a number of donors including the European Union, Norway, United Kingdom and United States of America.
- 3 In the course of implementing these projects the STCU hereby invites you as a potential supplier to submit your tender for the ***B1-LOT-3: Stationary Equipment for Radiation Dosimetric Control of the Personnel and Visitors***, described in the tender documents.
- 4 The forthcoming tenders will be open to firms and companies from all countries except for those under UN, US or EU sanctions.
- 5 Your tender shall be valid for 90 calendar days and shall be submitted to:

Electronically (preferred method) to the STCU tenders e-mail box at: tenders@stcu.int

or as printed documents to:

Anthony Nichol
Chief Financial and Administrative Officer
